

Consumer Confidence Report

We are pleased to present to you this year's **Annual Water Quality Report**. This report is designed to inform you about the water quality and services we deliver to you every day. Our constant goal is to provide you with a safe and dependable supply of drinking water. We want you to understand the efforts we make to continually improve the water treatment process and protect our water resources. We are committed to ensuring the quality of your water.

You will find the **Consumer Confidence Reports** for previous years. In 2019, the City of York closed its water treatment facility and now purchases all drinking water from the City of Rock Hill.
